

The Battalion Bulletin

Curtis Competition

The Lancer Battalion special teams participated in their final “regular season” Drill Competition at Curtis Junior High School on 11 February 2017. Our Physical Training, Unarmed Drill, Armed Drill, and Color Guard teams participated in this event. We also have a few of our cadets going to regionals being held at Rogers High School in Puyallup on March 18th. Many of our teams improved on their performances from the last times they competed. “I am really proud of how well all of our teams did”, said HHC Commander 2LT Nadal. “We definitely improved from our last competition, we have a lot of potential going into next year.”

Results:

 - 12 Apr./1030-1330/La Quinta Tacoma

1SGs Corner

I want to thank the Lancer Battalion for their dedication and commitment to for the month of February. We have been very busy coordinating for our future missions. We are getting closer to the end of our school year and we have a few more missions to complete our commitment to our school, community, and our families.

Let's stay strong and support each other as we tackle the next few weeks. We are facing a little bit of a challenge with JCLC, but I know with your hard work and patience we can make it happen.

Peace and Love

1SG Munoz
